

LEDA
4th Quarter Report
2008-2009 Fiscal Year

LANDER ECONOMIC DEVELOPMENT AUTHORITY
QUARTERLY REPORT

Fourth Quarter – Fiscal Year 2008-2009

LEDA Activities for Fiscal Year 2009 (Through June 30, 2009) includes:

Marketing and Sales:

Lander County on the behalf of LEDA contracted Summit Engineering for additional services relating to the continued work that is being completed for the FIND (Future Industrial Needs Discovery) project. This is a partnership between LEDA and the Lander County Sustainable Development Commission.

LEDA issued a letter of interest for Liberty Tree Enterprises' Dakota Project. The Dakota Project is a renewable energy-focused industrial park.

LEDA is actively recruiting professional and skilled small business people to relocate to Lander County through targeted letters.

LEDA member accompanied County Executive Director on a visit to State Capitol, Carson City, Nevada to distribute legislative booklet on behalf of the Lander County Commissioners and answer any questions regarding Lander County and the Dakota Project.

Retention and Expansion

Contractor Summit Engineering continued on project to provide the “Catalog of Lander County Resources and Industry Assets”, this will be an additional piece added to the FIND project when complete.

- Utility and road data completed.
- Parcel and zoning information currently being worked on.
- Phase II of the hydrology analysis of Reese Valley flood plain is underway.
- Phase II of the Austin hydrology analysis has been completed and is being modeled for the FEMA CLOMAR report.
